Fun Facts About Me

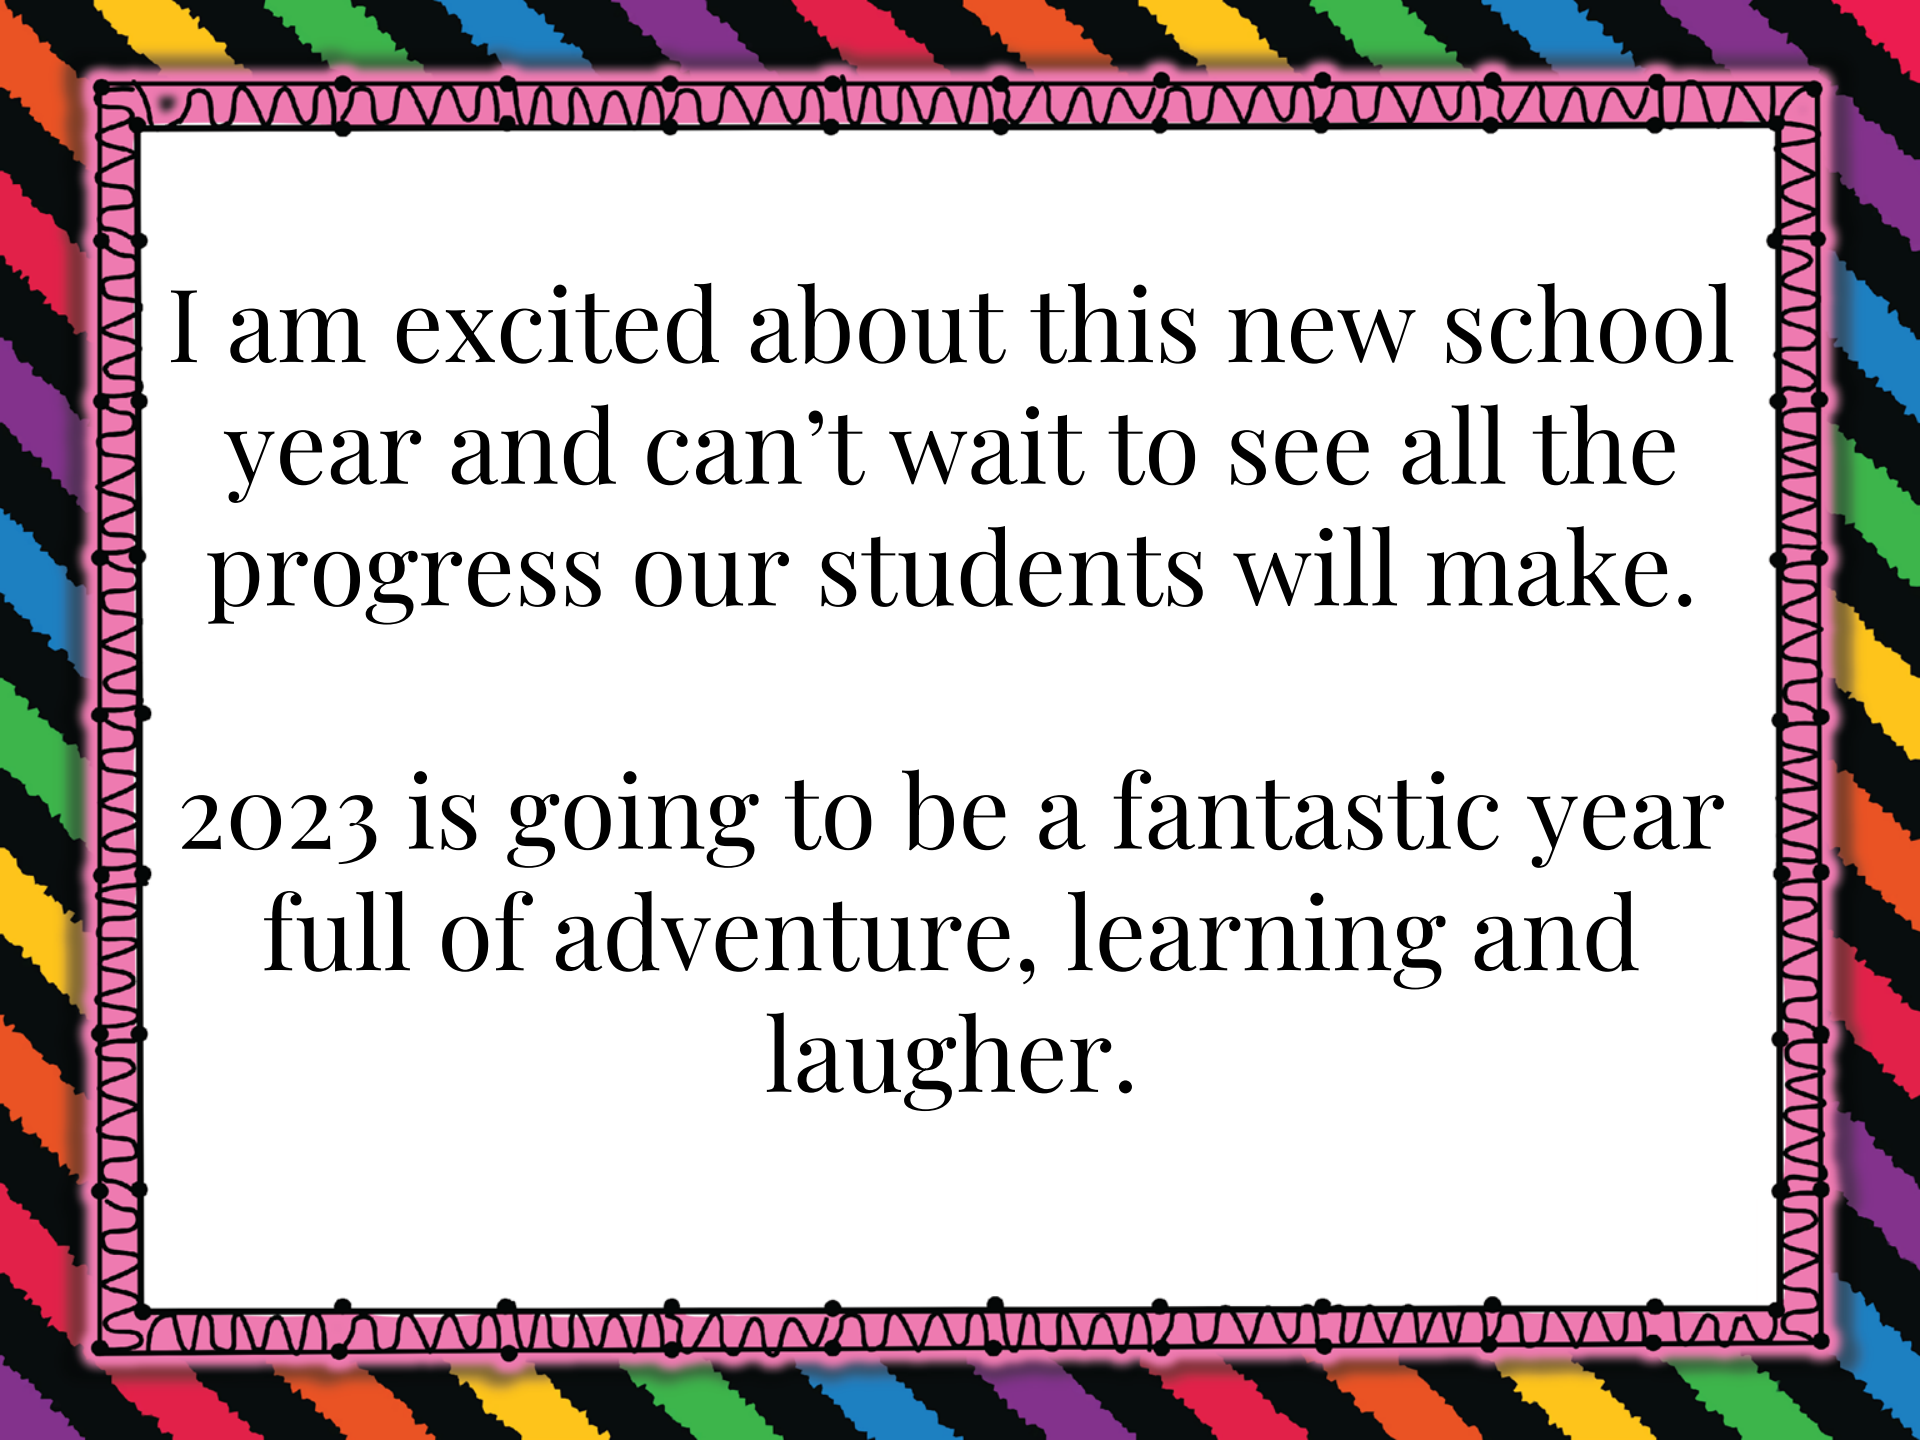

I love travelling and have worked in the USA where I taught Kayaking at a summer camp.

I am always reading a book or two, usually about history or science.

I have been to 16 countries

I am double jointed in most places, meaning my fingers can stretch back and I can actually bring my foot up behind my head.

I am excited about this new school year and can't wait to see all the progress our students will make.

2023 is going to be a fantastic year full of adventure, learning and laughter.
