My Family

I am married and have three adventurous kids.

My eldest starts high school this year, my middle starts year 5 and my youngest starts kindergarten!

Lillian is 12 and loves swimming, acrobatics, motorbikes and skiing

Olea is 10 and loves swimming, soccer, horse riding and wakeboarding

Beau is 5 and loves swimming, motorbikes, football and anything adventurous

My Pets

I have one Jack Russell
named Ozzy.

He is very cheeky, his
favourite thing to do is
chase birds.

He has a friend who comes
and visits him most days.

His friend is a huge wild
stag that likes to eat our
grass.

Hobbies & Interests

My favourite thing to do is spend quality time with my kids.

I love all types of arts and crafts. Recently my girls and I have enjoyed making polymer clay jewellery.

I also love being in and near the water, wakeboarding, kayaking, snorkeling, swimming and fishing.

As a family we do lots of camping and lots of water sports.

Music is a must! I like most music but it depends on what I'm doing as to what I like to listen to; like when we're camping country music gets blasted around the campfire.

Tree of Life

Reading Rocks

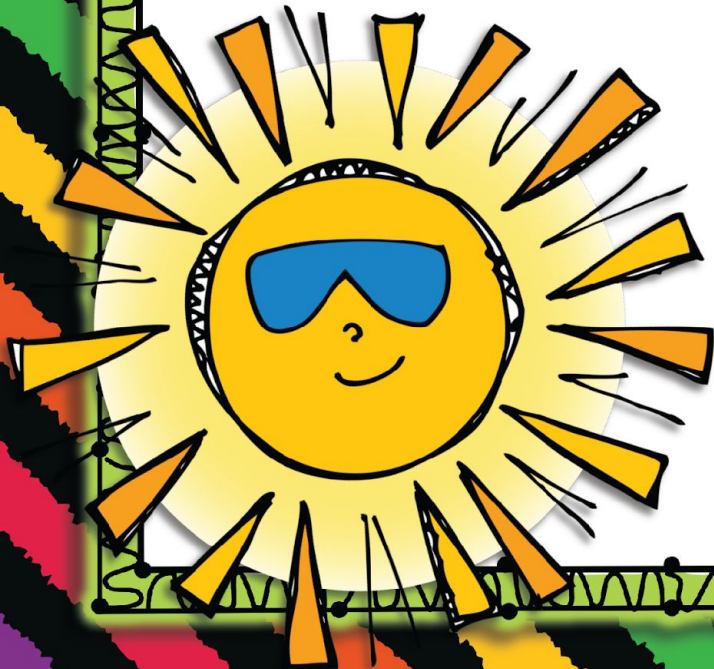

*I like to read lots of different types of books. I love to escape into the imaginary world of *The Witches* by Roald Dahl (the differences between the book, the play and the movie is really interesting). I also like books that make me think and question my own thoughts. *The Colour Purple* by Alice Walker made me think about and empathise how life was for so many people, it makes me appreciate how wonderful life is here in Australia. *Children of the Dust* by Louise Lawrence has been a favourite of mine since I was in high school, it's a post-apocalyptic fiction novel.*

Summer Vacation

I have done lots of fun things these holidays. I went to Yamba with my husband, children and two other families for a week. Then we beach hopped down the coast for another week.

We swam in the ocean every day. It rained a little but that didn't matter as we were wet anyway. I explored lots of new places and went on lots of bush walks. I had fun snorkeling down inlets where I saw an octopus, flat head and lots of hermit crabs scurrying along the sand. My dog Ozzy loved playing on the sand but he didn't like swimming at all. At home, I went skiing and to Raging Waters with my kids.

Fun Facts About Me

I attended Windsor South Public School and so did my Dad. When I was little I had trouble reading and lost lots of self confidence as I fell behind in class. It took me a long time to catch up and even longer to get my confidence back.

This is a big reason why I love and feel passionate about helping our wonderful teachers and students.

Before I started working as a learning support officer I had a very different job. I was a Gemmologist, that's someone who can identify gemstones, grade them and value them in jewellery. I was lucky enough to travel overseas lots with my old job but there is no where I would rather live than right here in the Hawkesbury and absolutely no where I would rather work than at WSPS!

This will be an amazing year!

*I think 2021 will be a
great year and that WSPS
will thrive.*
