My Family

I am married to Tyrone and we have 3 daughters. My eldest, Nicole is 25 and works in Early Childhood. Teagan is 16, in year 11 and Kayleigh is 11, in year 6. My girls love drawing and painting, just like me. My Husband works in Transport in the Digital IT space.

Pets

We share our home with many pets. Along with our cheeky conure, Burty, we have 2 dogs, Daisy and Frankie, and a cat named Moggie.

Animals play a big part in our family and we couldn't imagine our lives without them.

My Hobbies and Interests

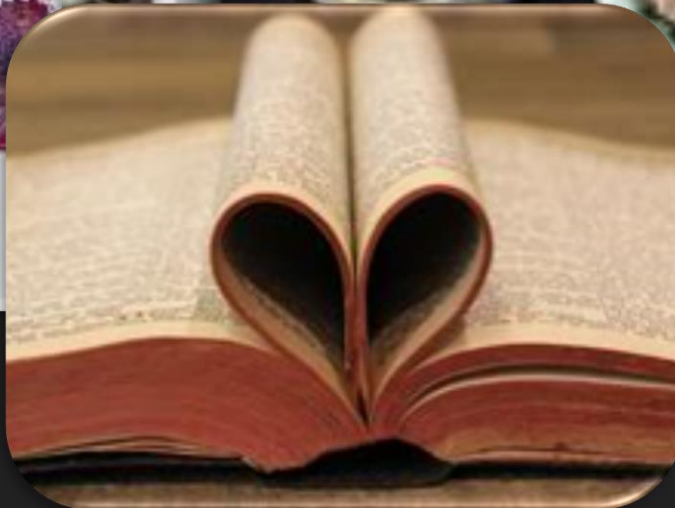

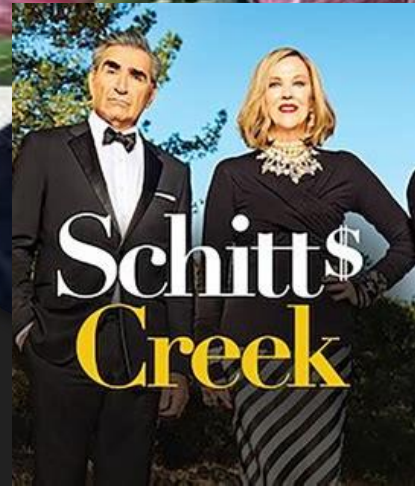

I enjoy going camping with my family and friends. I find reconnecting with nature relaxing and especially love bird watching. I love all textile crafts, drawing and painting.

At home I enjoy sewing. I have made dolls for charity, various baby items, appliance covers and cloth face masks for friends.

I am learning how to crochet and have made a couple of pairs of bed socks for family and friends.

I enjoy gardening and propagate succulents because they are low maintenance.
