# HOBBIES & INTERESTS

The collage consists of six photographs arranged in two rows. The top row, from left to right, shows: a woman in a white shirt and patterned skirt standing next to a 'CHARLIE' costume display; a basketball team of seven players in blue jerseys posing on a wooden floor; a rock pool with several small fish swimming in it; a sunset over the ocean with the sun low on the horizon; and two children in red hats standing next to a sign that reads 'YOU ARE STANDING AT THE NORTHERN MOST POINT OF THE AUSTRALIAN CONTINENT'. The bottom row features a large text block.

My family and I love to go camping and four wheel driving all over Australia. We have been on many awesome adventures. I enjoy spending time with my family and friends, playing basketball, kayaking, snorkeling, gardening, reading books, going to musicals, playing with my pets, watching the sun set and listening to music.

# READING ROCKS

I love to read and I am currently reading 3 books at the same time. I like many genre's and often look for award winning novels or highly recommended books.

I love buying children's picture books. I can spend hours in a bookstore reading blurbs and enjoying the front covers, pictures and yes even the smell of a new book.

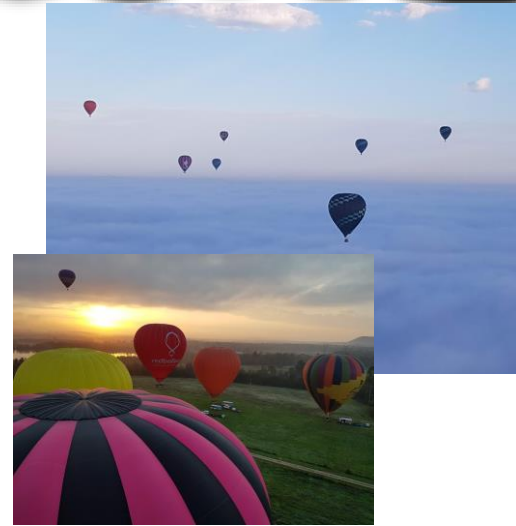

# SUMMER VACATION

I was lucky to camp at Batemans Bay and enjoyed exploring Murramarang National Park. and Mogo Zoo.

# FUN FACTS ABOUT ME

- I did work experience as a zoo keeper at Taronga Zoo and got to hold and play with orangutans.
- I have jumped out of a plane, snorkeled with sharks, hugged and pat a tiger and been in a hot air balloon.
- I love being a teacher and used to play schools when I was little.
- When I was young I only owned a few books. I now own hundreds of books and would love to open a children's book store.
